# Grade 7 Sample Lesson Plan: Media and Other Influences on Behavior

#### **SOLs**

- 7.1.K Analyze how the school and community can affect personal health practices and behaviors, to include access to and availability of physical, emotional, and social health services; emergency response systems; health care products; and recreational and leisure opportunities.
- 7.2.G Evaluate the accuracy of claims about dietary supplements and popular diets.
- 7.2.N Explain the influence of personal and family values and beliefs on individual health practices and behaviors.
- 7.2.0 Describe how peers influence healthy and unhealthy behaviors.
- 7.3.I Describe how family practices and customs promote positive health choices.
- 7.3.J Analyze the types of advertising techniques used to influence adolescent and family health practices and decisions.
- 7.3.K Evaluate the validity of information from different resources, and share findings with others.
- 7.3.M Demonstrate how to influence others to make positive health choices

## **Objectives/Goals**

• Students will assess the various influences (e.g., peers, family, media, society) on personal health behaviors

#### **Procedure**

• The Health Smart Virginia website provides a bank of suggested lesson plans and activities to address these Grade 7 SOLS that address Media and Other Behavioral Influences in the *Related Resources* listing under this unit on the website. To directly access these on their source sites, click the links on the references below.

### **Assessment Idea**

• Students apply what they have learned to develop a print/online/ radio public service campaign to convince peers and families to make positive health choices. Evaluate participation and presentations.
